

Hi Mimi,

Just a note to thank you for recommending Pennington Gardens for my mom's new home. She has settled in & loving the many activities, the nutritious meals, her cute apt. & she loves the people working there. I see her quite often since she is so close now & I too notice the staff there are always smiling & friendly. Many of them know my name & say hi as soon as I walk in the door. My mom has made many new friends & she is happy!

I thank you so much
for all your help

It may not have seemed
like a big deal to you,
but it was to me.

Thank you.
